

# Transform the Lives of Children with Special Needs

**Wake Up and Rewire Your Child's Brain for Breakthrough Outcomes:**

- Turn your child into a powerful learner making the impossible possible
- Learn the 9 Essentials for waking up your child's brain
- Learn effective, innovative ways to interact with and move your child
- Breakthroughs with ADD/ADHD, Autism, CP, Genetic Disorders & more
- Overcome pain and enhance your own well-being
- Be a special parent to your special child

## 2-Day Workshop Taught by Anat Baniel Saturday- Sunday, April 6-7 • Frankfurt, Germany

**NeuroMovement® for Children with Special Needs**  
**2-Day Workshop:**

*In this workshop you'll experience the remarkable capacity of the brain to change and transform your child and your life for the better, physically, emotionally and cognitively. You will learn theory and practice to use in your daily life for breakthrough outcomes for your child. You'll discover ways to reduce your child's stress, pain and limitation, and increase everyone's well-being and joy as your child begins to improve in remarkable ways. The professional will learn techniques for new possibilities with clients.*

*Anat Baniel, best-selling author, clinical psychologist and dancer, studied closely with Dr. Feldenkrais for over 15 years. From 30 years of remarkable outcomes with thousands of children with special needs, she developed her own cutting-edge, scientifically based Anat Baniel Method® NeuroMovement® approach for transforming the lives of children and their families. She has trained hundreds of practitioners in this method. Her teaching is easy to follow, inspiring and life changing.*

*"Anat Baniel has developed powerful practical strategies for building a better, stronger brain."*

~Michael Merzenich, (Neuroscientist)

*"For the first time after ABM, Matthew started crawling."*

~Combs Family, (CP 2 ½ years old)
